

PDDC

PRECISION
DISTRIBUTION
CONSULTING, INC.

PDC is an independent consulting firm specializing in **Network Strategy, Location Strategy, Warehouse Design, and Implementation Support**. PDC provides engineering, operations, and business consulting services to our clients worldwide.

We develop a logistics and distribution roadmap using the following sequence:

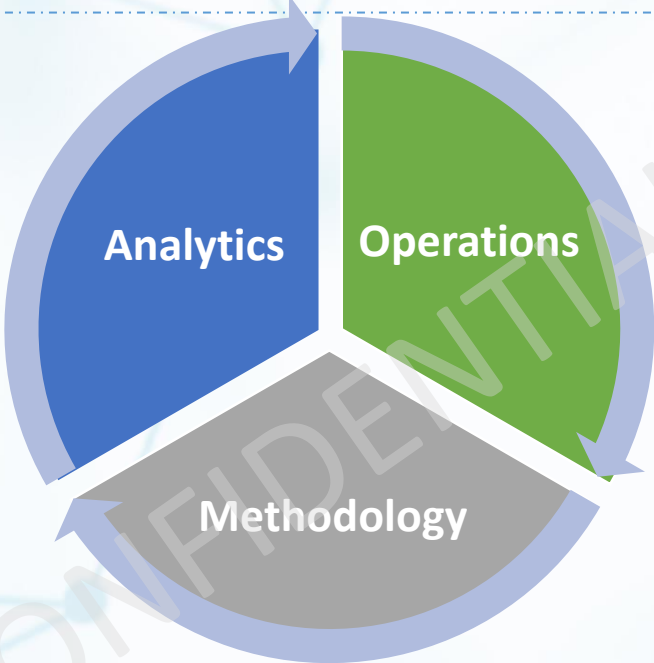

Services: “From Strategy to Execution”

- Network Strategy
- Delivery Strategy: Warehouse Location
- Delivery Strategy: Cost-to-Serve
- Greenfield Warehouse Design
- Existing Warehouse Optimization
- Layout & Storage Planning
- Pick Area Design & Slotting
- Process Improvement & Staffing Plans
- Automation Evaluation & Selection
- Computer Simulation Modeling
- Equipment Specifications & RFP
- Implementation Support

PDC Competitive Advantages

Unlike firms relying solely on experience or exclusively on analytics void of experience, PDC combines best-in-class **Analytics**, 200+ years of **Operations** experience, and a **PROVEN Methodology** unparalleled in consulting

- Order / Shipment Profiling
- Inventory Profiling
- Pick Area & Storage Modeling
- Multi-Stop Delivery Modeling
- Productivity Calculations
- Computer Simulation Modeling

- Shop Floor Program / Process
- Delivery Route Rides
- Work Sampling / Time Standards
- Client-Side Project Management
- Labor Planning / Retention
- Automation Expertise

PDC continues to augment its analytical capabilities and has re-tooled its engineering toolset 4 times in 13 years in order to expediently provide the greatest level of detail in the industry

PDC's competitive advantage is magnified by experience in over 20 industries including 700 beverage related projects

- Structured Project Methodology (15-20 steps)
- Growth Planning / Future Design Criteria
- Milestone Review Periods
- Phased Implementation Planning

PDC's beverage expertise both **INSIDE** the four walls and **OUTSIDE** the four walls makes us ideally and uniquely positioned to assist distributors in instituting 'transformational change' in warehousing and delivery
